

# Postdoctoral Researcher Position in ORGANIC SYNTHESIS AND FLOW CHEMISTRY

At the **Center of Integrated Technology and Organic Synthesis (CiTOS)**

University of Liege, Belgium

The Center of Integrated Technology and Organic Synthesis at the University of Liège invites applications for a postdoctoral researcher position in organic synthesis.

## CANDIDATE PROFILE

- **Strong Background in Organic Synthesis:** Demonstrated expertise in designing and executing complex synthetic pathways with a proven track record of publications in reputable peer-reviewed journals.
- **Interest in Flow Chemistry:** A keen interest in developing skills and expertise in flow chemistry.
- **International Experience:** Prior experience in international research settings is highly preferred, reflecting adaptability and a global perspective.
- **Communication and Collaboration:** Commitment to maintaining open and constructive communication with lab leadership and team members, fostering a positive and productive work environment.
- **Problem-Solving Skills:** A creative and analytical approach to tackling research challenges, with a proven capacity to take initiative and work independently.

## REQUIREMENTS

- PhD in Organic Chemistry or similar.
- Strong skills in organic synthesis and publications in peer-reviewed journals.
- English proficiency.

## EMPLOYMENT DETAILS

- **Eligibility:** candidate must not have been hired for more than 2 years on a work contract in Belgium within the past 3 years.
- **Start date:** flexible; to be negotiated once a candidate has been selected.
- **Duration:** 1-year, renewable based on performance .
- **Estimated salary:** 3500 € (gross); approx. 3060 € (net).

## APPLICATION PROCESS

Applications should be sent by e-mail to [adminцитos@uliege.be](mailto:adminцитos@uliege.be) and should include a CV, a motivation letter emphasizing previous research experience, and the information of at least two relevant persons that can be contacted for references. The evaluation of applications is ongoing and will remain open until a candidate is hired.
